

FAITHFUL STEWARD

Christian Household Budget Planner

A biblically-grounded monthly budgeting system built around tithing, giving, saving, and wise stewardship of God's provision.

Stewardship, Not Ownership

Everything we have belongs to God (Psalm 24:1); we are simply stewards entrusted to manage it well. This planner starts every budget with giving, follows with saving, and then allocates the rest with intentionality -- helping you build financial habits that honor God and reduce financial stress.

Quarterly Reflection

Every quarter, pause and reflect: Did my spending reflect my values? Where did I see God's provision this quarter? What adjustment does my budget need going forward?
