

The Spare Chair – Final Video Publishing Kit

Status

A completed vertical short-form video was generated in this chat as an MP4 file, along with a thumbnail image, SRT captions, and social caption text. The Google Drive connector accepted the native Google Docs/Sheets and previous audio/script uploads, but rejected the newly generated local MP4/JPG/SRT/TXT paths as unregistered file references during direct Drive upload. Because of that, this Google Doc contains the complete final publishing package and the downloadable files are available from the chat response.

Scene-by-Scene Video Text

1. Every Sunday morning, Walter arrived early at the little church on Maple Street.
2. He unlocked the doors, turned on the lights, and straightened the rows.
3. Then he did one unusual thing. He placed one extra chair at the end of the front row.
4. No one ever sat there. Until someone finally asked why.

5. Walter smiled. "That chair is for the person who almost didn't come."
6. "The one wondering if they are too broken, too ashamed, or too far gone."
7. "I want them to know we were expecting them."
8. Then, on a rainy Sunday, a young man stepped through the back door.
9. Walter saw him first and said, "We saved you a seat."
10. The young man whispered, "I almost didn't come today."
11. Years later, he became a pastor. Because grace had once made room for him.
